

Yeshiva University High School for Girls
Student Driver Form

This form is to be completed by those students whose parents/guardian are allowing them to drive to and from school. Parents/guardian must also sign the form at the bottom. The completed form is to be submitted to the school office.

Because we live in a residential area, and would like to be respectful of our neighbors, please fill in the license plate number of the car your daughter will be driving so we can assure that our students are being mindful of parking, and not blocking any driveways.
